

ideal lux®

Zig Zag

Zig Zag is an indoor LED wall light designed to provide indirect lighting with a minimalist design and a compact profile, **measuring just 5 cm in depth.**

The light output is designed to eliminate all direct glare and ensure **complete visual comfort**.

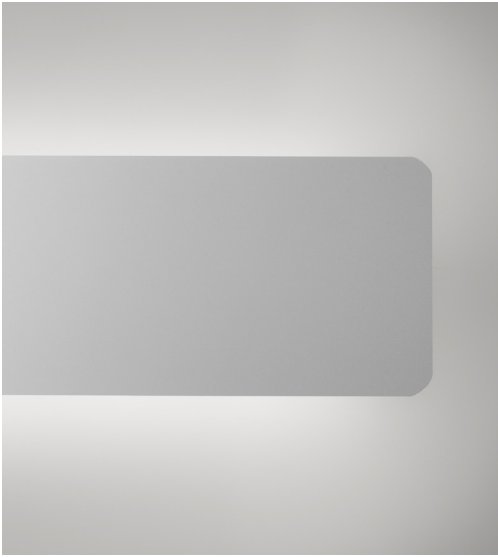

The **Round** version
with rounded edges offers
a visually softer look.

Integrated **LED technology**
(3000 K, CRI \geq 90 SDCM \leq 3,
lifetime 50.000 h over 90 lm/W effective).
